No Roc 973-A of 23-24 dated 31.7.24.

Reports that funds are necessary to meet urgent demands in connection with the fodder supply scheme and requests orders of Govt pointing out the source from which the unexpended portions of the advances already sanctioned for Distress Relief work may be drawn during the current year.

The Comptroller has reported that upto 30th June 24 a sum of Rs 89,388-15-7 has been drawn out of an advance of Rs 1,40,000 sanctioned by Govt last year for fodder supply ~~Adrn~~ operations. There is a balance of Rs 50,617-0-5 still available out of the advance.

The situation is like this. The Director of Agriculture has still to meet the bills on account of the supply of wire etc for baling the straw purchased last year. When they are sent to the Comptroller for payment, the Director is asked to point out the source. The Director says that it has to be paid out of the balance of the advance of Rs 1,40,000. The Comptroller says that the advance has lapsed and the expe cannot be debited to it. But the Director is in need of money in connection with the baling & transport of straw etc. as well as the payment of these bills and wants orders of Govt. He does not however say what amount of money is exactly required by him so that Govt might know the liability to be incurred on this behalf. This may perhaps be called for.

3 The expe already incurred has to be paid. The advance already sanctioned cannot perhaps be considered to have lapsed, unless all the operations connected therewith have

been closed. Under the circs, it is for consideration if the Comptroller may not be authorised to pass T.C bills sent in by the Director - say up to a limit of Rs 5000/-, the expre being debited to the advance - & if this is not possible, can If the final sect may perhaps be further consulted.

The unexpended portion of an advance has not be considered as a grant in this year, if the Fin Dept has no objection, and the bills paid out of it. The actual amount to be given as final grant for the purpose can only be known after all the accounts are closed. The question of additional grant can be considered then.

9 I am afraid I can not express any opinion on this case as the Material necessary for forming an opinion is not furnished. The Director's letter does not state the amount is wanted, how much as an advance and how much as final outlay. One does not get the right to assume that the whole of the unexpended balance of the advance of last year is now wanted. What are the liabilities of last year and what is costing the operations of this year — and important points on which there is no information in the file. Then again there is the question why no funds were applied for being provided in the Budget for this year.

Sir,

With reference to your letter No. 103-D, dated 9th Aug. 1924, I have the honour to append hereto a statement showing details of allotment required during the current year in connection with Fodder operations.

2. It will be seen that an advance of about Rs. 7,800 in all including Rs. 1,100 on Establishment till the end of this month will have to be sanctioned for this year.

3. In addition to the above estimate, bills amounting to Rs. 2,127-12-4 are payable to the Military Grass Farm in connection with the baling of Malnad hay for the Forest Department, and the charge is debitable to the special allotment sanctioned to the Forest Department for Distress operations. In case, however, this expenditure is also allocated to this Department, a further grant of Rs. 2,127-12-4 will be necessary, bringing the total advance to Rs. 9,928/-

4. I request that very early orders of Government may be kindly obtained sanctioning the above grant, as bills for expenditure already incurred in this behalf have not been paid as yet for want of necessary budget provision.
